

Join Our 11 Week Boot Camp:

Dental Business System Essentials Masterclass

- ? Do you need better systems for predictability in your practice?
- ? Are you spending too much time putting out fires and managing crisis, instead of working on your future business plan?
- ? Do you know what metrics matter and how to analyze them to change strategy?

Overview

Join this interactive course that will teach you to:

- The essential key performance indicators so you can lead your business rather respond to the trends
- Know how to get accurate metrics from any software and take action to influence your outcomes
- Control your schedule and control your life!
- Understand treatment conversion and follow up as the KEY to achieving your goals
- Learn trends and how to respond before they impact your practice negatively
- The fundamentals of financial management – reading a Profit & Loss and Balance Sheet to know what it is telling you
- Many anti-embezzlement and fraud strategies

Investment:

\$650/month 3 months

The program includes a weekly curriculum not to exceed an hour each week. It is a blend of live video group coaching, video content and practical course work that will equip you with the tools, resources and education to master and lead proven business systems.
