Embracing Doctor Led Leadership

- ? **Struggling with employee turnover?**
- ? **Do you have employees but not a cohesive team?**
- ? **Are you managing people instead of leading a team?**
- ? **Is your team generally resistant to change?**
- ? **Do you love the dentistry but dread the "people-ing"?**

Overview

This interactive program, tailored to owner dentists, will provide insight into both your leadership style and development opportunities to be an effective leader. We will review various tools and resources to support your leadership of a high-performing, self-managed team.

We will discuss how to identify what your team needs to be more effective, if you have the right people in the right spots, what needs to happen to empower your people to be accountable and how to enjoy the process.

Change the way you hire, on-board, develop and re-purpose to predictably build and develop you team to improve performance, retention and overall satisfaction. PLUS learn how to sidestep roadblocks to influential leadership and avoid the pitfalls of becoming a manager.

Investment:

\$650/month 3 months

This program includes a weekly curriculum not to exceed an hour each week. It is a blend of live video group coaching, video content and practical course work that will equip you with the tools, education and strategies to assist you in breaking the shackles and restrictions of contracted insurance participation.
